

## **Capability Statement – HIT Safety Solutions**

### **Veteran-Owned Safety Consulting | EM 385-1-1 & OSHA Compliance**

**Website:** [hitsafetysolutions.com](http://hitsafetysolutions.com)

### **Core Competencies**

- EM 385-1-1 Site Safety & Health Officer (SSHO) services
- OSHA 1910 & 1926 compliance support for construction and industrial sites
- Site-Specific Safety Plans (SSSP), AHA/JHA, lift plans, and safety documentation
- Site safety audits, inspections, and incident investigations
- Safety training, toolbox talks, and crew/supervisor coaching

### **Past Performance / Experience**

- Construction safety management for large industrial projects involving multiple cranes (including one of the largest in North America), heavy equipment, and complex lifts.
- Safety oversight for industrial demolition and reconstruction projects, including fertilizer and process facilities.
- Naval construction projects in Europe and Africa, including medical facilities, utilities, docks, and infrastructure work.

### **Differentiators**

- Veteran-owned small business with real field experience, not just classroom training.
- Hands-on safety leadership from someone who has worked with crews, equipment operators, and subcontractors on high-risk jobs.
- Strong background in both military and civilian safety programs, including EM 385-1-1, OSHA 1910, and 1926.
- Practical, jobsite-focused approach that respects schedules while protecting workers.
